

Investing for Success

**Under this agreement for 2017
Dulacca State School will receive**

\$9,160*

This funding will be used to

- Develop a whole school approach for teaching Mathematics to ensure consistency of pedagogical practices.
- Improve student learning in Mathematics through effective pedagogical practices and quality questioning.

Our initiatives include

- Develop a school-wide approach for the explicit teaching of Mathematics.
- Provide professional development and coaching to deepen teachers' understanding of the Australian Curriculum: Mathematics learning area.
- Build teacher capability to embed effective problem solving strategies including quality questioning.
- Upskill and support teacher aides to extend learning in Mathematics across the primary school.

Our school will improve student outcomes by

- Developing a whole school approach to teaching Mathematics (aligned to and including engagement with the *How to Teach Mathematics* online coaching module) **\$1600**
- Upskilling teachers and teacher aides through accessing professional development and cluster resources to ensure effective and consistent pedagogical strategies **\$3000**
- Purchasing TRS to cater for smaller teacher to student ratios and ensure differentiated learning opportunities **\$4400**
- Funding registration to APSMO Maths Olympiads to provide students with opportunities to learn problem solving skills **\$160**
